

## WHAT YOU NEED TO KNOW ABOUT OVERDRAFTS AND OVERDRAFT FEES

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.

This notice explains our standard overdraft practices.

### What are the standard overdraft practices that come with my account?

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We will not authorize and pay overdrafts for the following types of transactions without your consent.

- ATM transactions
- Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your transaction will be declined.

### What fees will I be charged if Liberty Bank pays my overdraft?

Under our standard overdraft practices:

- We will charge you a fee of up to **\$25.00** each time we pay an overdraft
- If your account is overdrawn for five or more consecutive business days, we will charge an additional \$5.00 for each of the consecutive business days the account remains overdrawn
- We will not charge you a fee if your account is overdrawn by \$5 or less on any given day
- There is a limit of six per day on the total fees we can charge you for overdrawing your account
